

Water Tank for Mother Teresa Center in DRC

Tristar Democratic Republic of Congo donated a water tank to the "Mission De La Charite" or Mother Teresa Center in Kinshasa. The water tank's capacity is 5,000 liters which will be a reserve water source for cleaning, washing and laundry for more than 100 people. Beneficiaries of this project are the orphans, support staff and elderly people at the center. A 6-foot high platform was built for the tank for the better flow of water.
