

## Happiness Day in UAE and Global Network

Celebrating UAE's Journey of Happiness in line with the International Day of Happiness initiative by the United Nations, Tristar Group's Recreation and Happiness Committee organized simultaneous events on March 20 to spread happiness among employees. Staff in the UAE gathered at the head office in Jebel Ali for lunch and an engaging session with a famous Dubai-based memory building specialist Praveen. The global operations in 17 countries had a similar gathering where management and staff sat together over a meal.
